

## **DOCS EVENT AT FLEMING'S PRIME STEAKHOUSE**

### **6. How It All Began**

The Community Clinic, which is located just off of I-45, provides a wide variety of medical services to patients in need in Montgomery County. Pictured are Dr. and Mrs. Joel Kerschenbaum, the founders of this rapidly expanding clinic. The purpose of DOCS (Doctors Outreach for Community Service) is to improve the health care for the underserved in our community and this is accomplished by promoting doctor participation at The Community Clinic and holding fund-raising events such as this one held at Fleming's Prime Steakhouse & Wine Bar on Sunday, July 16.

### **7. Volvo Appeal**

The DOCS Board poses with the Volvo S60 that was donated as a raffle item for this event by Leslie Reese's family. Board members pictured are Drs. Emma Sims, Sabrina Lahiri and Noushin Hart; Community Outreach chair Shirelle Chimenti and Drs. Jenna Everson and Marra Francis.

### **8. Successful Evening**

Jacque Everson, Dr. Jenna Everson, Jeff Helms and Dr. Lloyd Everson enjoyed the evening together. It was a wonderful event filled with the finest foods and wines. A silent auction also took place. All proceeds from the event will benefit the underserved in our community.

### **9. Celebration**

Shelli Moran, operating partner of Fleming's Prime Steakhouse & Wine Bar, captures a moment of celebration in the success of this first-time event with other members of the DOCS group. Pictured are Dr. Marra Francis, Dr. Sabrina Lahiri, Dr. Jenna Everson and Shirelle Chimenti.
